From The I.G.P.

6. AC. 3686/42 d 22nd Jun. 43 re cost of construction of Govt. wireless & bills for these works have to be paid by the Electrical Dept or out of A.R.P. funds, in the Circumstances stated.

The Sirens seem to have been purchased out of the lumpsum allotment made for purchase of A.R.P. equipment etc. The letter does not indicate the Nature of the works for which these bills have been received from the Electrical Dept. The estimates come to Rs 15330/- and the I.G.P. wants instructions whether the bills may be paid by the Elect. Dept. Since provision has been made for A.R.P. measures in that Dept also. Since the Cost of the Sirens seem to have been met by the A.R.P., it is for consideration whether the expenditure connected with the installation of the Sirens may not also be met out of A.R.P. funds.

With cheque 314 for inclusion in the Statement 26/6

Subd for perusal and orders. The Electrical Auth. may also be consulted. It is not clear from the wireless scheme as to what is related, whether the Sirens were purchased with the wireless sets. Detailed information may perhaps be collected from the Chief Engr.

Returned, with compliments, to the Chief Secretary to Government.

The grant sanctioned in E.D.S.No.1180-3 dated 27th/31st October 1942 for the Electrical Department is entirely required for carrying out structural protection works and works for the protection of the machinery at the various power stations in the areas referred to therein.

The sirens were supplied to the A.R.P. Controllers at Bangalore City and Mysore City at their request and they were installed in the places indicated by them. As this department is not the appropriate authority for giving Air Raid Warnings to the public of Bangalore and Mysore Cities which work was a part of the duties of the A.R.P. Controllers in the respective Cities, no funds were provided for by this department for this purpose. The work has been carried out under "O.B.A." at the special request of the A.R.P.Controllers of the two cities and therefore the charges for the same have to be borne by them out of the funds allotted to them for the purpose. The funds allotted to this department have been fully utilised on the estimates sanctioned by appropriate authorities which works do not include the installation of sirens in the Cities of Bangalore and Mysore.

IN MYSORE; BANGALORE,

Date 22ND JUNE 1943.

To

The Chief Secretary to the Government

of His Highness the Maharaja of Mysore,

BANGALORE.

Sir,

Subject: Installation of Electric Sirens in Mysore City and Bangalore City.

I have the honour to state that the Superintendent, Mysore Power and Lighting, has sent estimates amounting to Rs. 15,330/- to the A.R.P. Controller, Mysore City for acceptance and return. The bills against these estimates are proposed to be sent to the A.R.P. Controller for payment before the close of the official year.

In this connection kind reference is invited to Government Order No.EDS 1180-3 dated, 27th/30th October 1942 and EDS 1214-7 dated, 31st October 1942 dated, 3rd November 1942 (Copies enclosed for ready reference).

As separate grants appear to have been placed at the disposal of the Electrical Department for A.R.P. works, I solicit the favour of early instructions whether the Bills for these works, both in Bangalore City and Mysore City have to be paid by the Electrical Department or out

P.T.O.

or out of A.R.P. Funds.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector General of Police.
